

Austin Bryce Utley

August 25, 1988 - May 28, 2019

Let me tell you the story of a man who even as a child laughed and engaged in life with such zeal that it was beautifully contagious to all those around him. As a man, he was also characterized by his intense love for his family and friends, his generosity, and his compassion for those down on their luck.

I need to tell you this story because those of you that did not have the blessing of knowing my son, no longer have that opportunity. Tragically, Austin is no longer with us. On the evening of May 28, 2019 Austin was viciously and cruelly killed by a man with murder in his heart. While nothing on earth can fill the void left in our lives, we take comfort in knowing that Austin is with his Savior in heaven. While we cannot possibly see how, at this time, we know that Austin would be the first to point out that God will use what was intended as evil for the greater glory and furtherance of His kingdom. Austin is survived by Bill and Lucy Utley (parents); Aaron and Brandi Utley, Allison and Erik Armstrong, Ariane Utley (siblings); Emma Utley, Avery Armstrong (nieces); Les and Mary Hatcher (grandparents); along with uncles, aunts and cousins. He is preceded in death by Bill and Rae Utley (grandparents). Austin also left behind his girlfriend of 4 years, Jessika Gaehring.

Austin was born on August 25, 1988 in Jackson, MS and grew up in Lisle, IL, where he lived life to the max, made many friends and did the things that kids do (went to school, played on a baseball team, wrestled, learned to snowboard).

The last leg in the journey of Austin's life took place in The Woodlands, TX after moving with the family from IL. Austin worked part time and went to college. During this time, he deepened his walk with his Lord and was looking forward to expanding his dog-sitting service and to start acting on his dream of providing a shelter for abandoned and abused dogs.

Austin loved the family and was very sentimental and cherished those relationships. He was a humble man, with few possessions. However, the possessions he treasured

were those items that represented a family relationship; such items as a groomsman's gift from his brother, a small cross with a flower from his mother, a Leatherman tool from his father and a shield of faith neck chain and baseball memento from his sisters.

As I close this last testament to Austin's memory, I can still clearly hear his voice gently breaking with laughter. I cannot help but wonder how long I will retain the clarity of this precious memory and my heart breaks to think that as long as I live, I will never hear his voice or be able to embrace him again.

Please join our family and friends in celebrating the life of our son, our brother, our uncle, our nephew, our grandchild and our cherished and loved friend, Austin Bryce Utley.

“ Austin was always funny, laughed a lot, and kind. I wish I would have made more memories with him as we got older, but I am grateful for the times we had together. I loved getting to see him at Gulf Shores cause I knew how fun he was to be around. :)

Sage Hatcher - December 12, 2019 at 11:59 AM

“ Thank you, Sage, for adding your special thoughts about Austin. He truly valued family and always looked forward to being at the beach with all of the cousins. Our 2 families also had fun times together in Illinois, Indiana, Colorado and Lake of the Ozarks. We are so thankful for those memories.

Lucy Utley - December 20, 2019 at 11:50 AM

“ Although I have never met Austin. I heard his story from Bill so many times before that I feel he is a part of my life already. After attending his memorial service, I got to know him much more and deeply regret that I haven't had the opportunity meeting him because I am sure we will make great friends (we both love living life to the fullest adventure and my favorite sport is snowboarding). His kindness toward animal and people down on their luck deeply touched me. His faith in God touched me even more and I cried and cried at the service. But I decided I will not stop there and should do something in his honor. Inspired by the faith of Austin's family, I started a bible study group at work. I am also working on establishing an endowment fund in memory of Austin (it will be named after Austin) with Texas A&M College of Veterinary Medicine for pet rescue which is one of his passions. So his legacy can continue to live while he is in heaven watching us from above. Like the pastor said in the service, there is no good bye, there is only see you later in heaven. Our presence on earth is only temporary and we should all live to glorify God by loving others and one day we will all meet again in heaven. Hope I will get to shred some blacks on snowboarding with Austin when we see each other again!

“ Austin was one of my favorite cousins. Not only was he a cousin but also a friend. He was always smiling, laughing and fun to be around. We would always go to wal mart and play guitar hero some evenings and play in the game room at the beach. He will truly be misssd!

“ Hey Les, thank you for adding your thoughts. Austin would love that you considered him a friend as well as cousin, because that’s exactly what he wanted in all of his relationships. He would still talk about his time in Lucedale and how close he got to know y’all while he was there. God bless. We love you lots!

“ Austin, our 6th grandchild of 15, spent a month with us during a time of transition move from Lisle, IL to The Woodlands, TX. *(I remember well our ride to Lisle when he was a baby ; 'Austin on my right & his brother Aaron's tarantula in a cage on my left, I stayed close to Austin .) While he was here that month he shared an experience of sensing the Awesome Presence of God , while reading some works of C.S.Lewis & Watchman Nee late one night. It seemed to me he was always looking for 'the Real thing' & obviously He Knew Our Lord in a 'Personal & 'Real' way. He helped his Papaw H. dig post holes for a little curved bridge on our property during this visit & learned what Papaw meant when he said You will earn a PHD. (Post Hole Digger) He ate a lot of Bagel bites & Hebrew hotdogs! Would take his cousins Les& Matthew, next door, to town & play video games on Walmart's Demo games and may have been his first football game to go to, to see his cousin Brittany perform halftime on dance team MS Gulf Coast Community College . We are thankful for every memory of his visit.

More recently, He told me he loved the pictures in his 2018 B'day card we sent of his baseball trophies & especially the one of me holding him in Lucedale(MS) Park. with his blonde hair. He will FOREVER be in our hearts & memories With loving thoughts of spending Eternity with him, Grandma & Papaw Hatcher.

“ Thank you, Mom, for posting these special memories of yours and Dad's. That was the summer he turned 18. He talked about that time as a spiritual awakening for him. Austin's collection of C.S. Lewis books, and that one special book by Watchman Née, "The Release of the Spirit" remain on his bookshelf. He loved to read and be challenged in his faith. We're so glad y'all got to share that time with him. God bless. Love y'all so very much!

“ Austin was one of my best friends growing up in Lisle. I met him in the third grade at our first Astros baseball practice. We were friends instantly. I have so many great memories with him from our trips to six flags to our endless days at the Lisle pool to the great baseball teams we were on together. I miss him more than ever. He was a very special and unique person that will live on forever in our hearts. My thoughts and prayers are with the Utleys. Love you Austin.

“ My thoughts are with the Utley family during this difficult time . I had the pleasure of meeting Austin in 4th grade during little league baseball. Austin is a great friend and an even better person. He had the most creative mind I've ever met and gave me some of the best laughs of my life that I will never forget. Austin and his family are in my prayers.
