“ My Father was awesome. He taught me to be an honorable man, a true husband to my wife, and a good father to my sons - he did this through example, not just words! He also got me started playing tennis, baseball, and guitar. He also taught me one of my favorite things to do in life, and that is splitting firewood - I don't think I am quite as good at that as he was. I also like to think that I inherited his even temperedness - which is one of the best traits a man can have. I speak for the entire family when I say he will be greatly missed. Love you Dad.
