“ Adela it is almost Twelve years since your passing from living your life with us to becoming an Angel in Heaven. We still think of you every year on your birthday in September and wish you could be with us to celebrate it. We remember special moments you shared with us over the years we knew you and wish you were still here to share more of them with us. We want you to know we will never forget you and what a special person you were to us. You are missed every day by so many people it is hard to count how many. Our prayers go out to your family as another year passes since their loss. We will remember you and your beautiful smile until we meet again. Watch over all of us until that day comes. Love Diane & Jeff Robertson & all the others that are missing you this day.
