

Bernard Peter Brandon

October 30, 1949 - December 2, 2020

Bernard Brandon passed away at his home on December 2nd, 2020 with his loving wife of 51 years at his side. He leaves behind his wife Sheila, their daughter Tracey, and son Stuart and his family. He was born in England to Bernard and Alice Brandon on October 30th, 1949. He would move his family to the Woodlands, TX for a job transfer in 1979. He was a carpenter by trade and would go on to work as an environmental engineer where he was most successful. He was a meticulous craftsman and strove for excellence in everything he did. He was extremely handy and was the backbone of the family. He was always personable, friendly and had the ability to carry a conversation in any setting. He made everyone feel comfortable and at ease. No matter what, he could find humor & common ground with anyone.

He was a traveler and took amazing holidays & trips with his wife & family. His vacations included Hawaii, England, France, Greece and Italy as well as many other beautiful destinations. He lived life to the fullest and took advantage of his time and ability to see the world. He loved British football and was a huge fan of West Bromwich Albion, where he had lived in England. He would spend his weekends watching the premiere league and cheering on his favorite teams.

While he had many hobbies, there was none more dear to him than his love for music. He loved to sit on the couch, play guitar and watch television. He

turned a spare bedroom into a music room and shrine to the Beatles & Elvis. As a young man, he would save his money and purchase an album per week and he kept collecting throughout his life. While his favorite band was the Beatles, he loved many types of music and genres with the exception of rap.

Bernard always put his family first. He did everything to ensure they had what they needed and were secure and happy. He loved spending time with his family whether it was going to dinner, a concert, or going to the theater to see a show downtown. He was a true family man and will be greatly missed by his family and everyone that knew him.

The thoughts and prayers of the Addison family and staff are with the Brandon family and friends during this difficult time.

“ *My name is Tom Mullins. My wife and I live in Nova Scotia, Canada, and work at a power plant where we had the pleasure of working with Bernie each year when he visited to inspect and evaluate parts of our operation. It was with great sadness that we learned of Bernies passing, and our most sincere condolences are offered to his beloved wife and family. Bernie was a wonderful man, and I looked forward to his annual visits. I am a guitar player myself, and we had many conversations around our shared love of music and guitar. Always smiling, Bernie had the ability to make a person feel that seeing you was the highlight of his day. I will sadly miss him. He was truly a treasure. Our thoughts and prayers are with his family.*

“ We moved to The Woodlands in 1986 and found our home next door to Bernie, Sheila and their two children who were the same ages as ours. When my husband passed in 2013, Bernie was always available to help or advise me with repairs or solve a problem in relation to the house or yard. When our grandson came to live with us, he was more than ready to help me find a guitar for him that Christmas. He loved Sheila, Stuart and Tracey. This was always apparent, as was his love of his homeland. He and Sheila took some amazing trips. I am so glad she has those memories. He will live on for her in those memories. Our family is so glad to have known Bernard Brandon for the over thirty years we were neighbors and friends. Vickie Frnka

“ Dear Mrs. Brandon and the Brandon family,

I would like to express, on behalf of KC Green Holdings Co. Ltd., our deep condolences on the sudden loss of Bernie. I met Bernie when we established Lodge Cottrell Inc. in Woodlands, Texas in 2006, and many of us here knew him personally for many years. He was a well-loved gentleman as well as a very experienced field-service engineer who was the founding member of the company. He will be missed.

Again, we extend our deepest sympathies to you and your family during this period of mourning.

Sincerely,

*T.Y. Lee
Chairman
KC Green Holdings Co., Ltd.*

“ Bernie was always sharing his positive and warm spirit with others. He was very sincere and at the same time generous to his surrounding. He smiled to them all the time. He did not seem so energetic but brought huge energy to the colleagues. I regret not to exchange greetings with him more often since I left back to Seoul. He tried to exercise his English joke to make things better and brighter. He owned his very optimistic character. I miss you so much. And through this chance, I would like to deliver my condolence to his loving family. May his soul rest in peace.

“ I am deeply sorry for the Brandon Family loss.. I only knew Bernie for a short time but remember him as always smiling and laughing..He was a great man, husband and father..May he rest in peace and his family find comfort in knowing the pain and suffering is gone and watch over his loved ones here on Earth until they meet again

“ I worked with Bernie at the Paradise Fossil Plant in Drakesboro, Kentucky. Bernie was the best precipitator technician I have ever worked with. He was always in a good mood while working or whenever I would have to call him while not at the plant. He was always very thorough in his job and his reports were always very prompt and detailed. He was a joy to work with, funny, joking, laughing and an all round good guy. I will miss him.

“ To the family of Bernie, I am so sad to hear this news, I am sending heart felt condolences to you all. I found him to be a true gentleman, eager to learn, striving to get the job done and a pleasure to work with.

It was always fun to talk about football with him, even if he followed West Brom.

I will miss him and his stories. Regards, John Draper, former employee of Nol-Tec.
