“ *My sweet friend will always be in my heart forever! I'm going to miss her so much as we've shared so many memories, laughter and special times having coffee and talking about our families! She was my closest friend and I will feel lost without her as we talked everyday, sometimes twice a day! She's one of a kind! R.I.P. my sweet dear friend. 🥺💕*

“ My deepest condolences to Betty's family, especially those who I have the privilege of knowing. Betty and I first met when we were about six years old and our friendship grew and deepened through the years. As teenagers we served together in 4-H club, church and other local activities; including double dating and participating in each others first wedding. As she told me not long ago: "You're my oldest friend!" We knew that we would always be friends because we knew too much about each other. I'll miss my sweet friend and rejoice in the knowledge that we will meet again in our forever home.
