

## Betty Jean Allen

July 14, 2012

We celebrate the life of Betty (affectionately called Betty Boop by some). She is loved by all her family, friends & just about any one who met her. She was full of life and loved to do many things such as: gardening, cooking, camping, dancing, spending time with family, friends, and her dog Anastasia. Just about anything to do with nature and the outdoors was fine with her. She realized her dream vacation on an Alaskan cruise from 1989 in 2002 & loved every minute of it!

Her faith in God, peace, will to overcome, sensitive/caring spirit & courage to the very end are an inspiration to us all. She made this world a little better place but now rejoices with the angels, the saints, our heavenly father & in the arms of Jesus the son of God where she belongs. I know she has many treasures there & is enjoying her ultimate final destination. She knew God promises us that to live is Christ & to die is gain... Phillipians 1:21 and Jesus said to her "I am the resurrection & the life. He who believes in me, though he may die, he shall live" John 11:25.

She is missed by the many who love her. In a way, we selfishly wanted to keep her here but God was ready to enjoy her in heaven where we can meet her again for eternity.

We love you
