“ Carolyn taught and lived with a unique, positive spontaneity that radiated to everyone who had the pleasure to know and work with her. She worked tirelessly as a dedicated academic and encouraging mentor to both students and fellow professionals. Her influence in the field of environmental health will live on through those she taught and mentored, and that's the optimal legacy of a great lady.

*Wishing her family peace to bring comfort, and loving memories to forever hold in your heart. -- Michéle Samarya-Timm & Andrew Timm*
