*I know I am very late in sharing and I only knew Cavita Ebel for a very short time when she was a member of the TOPS (Take Off Pounds Sensibly) program at the Madison Jobe Senior Center in the years before and after she left Deer Park (2011-2013?). Then, she invited me to the Woodlands once to visit her new assisted living residence. She was wise and wonderful and took an interest in my special needs adult son around the year 2013. We bumped heads regarding whether I should put him in a group home as I thought it was premature. But had I known she had been a teacher, I would have understood her passion. After she moved, I lost track of her because she lived so far away.*

*But one of THE best things she did for me was to recommend her lawyer to me. His son, also a lawyer, Clark Askins, has become a valuable ally in my life and I do not know what I would do without him. He is one of the fairest and knowledgeable people I know.*

*I will never forget Cavita -- ever. She asked me to "babysit" her house in Deer Park a few times and I truly enjoyed that. To me, she was a true and valuable friend.*

*May she Rest in Peace forever. You were a wonderful person and your legacy will live forever.*

*I have been so busy I never checked to see what had happened to her so today, I looked her up on Facebook.*

*Delilah H. Scott, Pasadena, Texas (but I lived in La Porte when I knew her).*

“ Thank you to my thoughtful sister Carolyn Franks for adding our father to the obituary and correcting the grammar and the incorrect spellings. Cavita would have wanted it that way.
