“ *I'm so thankful God put you in my life. You made me realize that there are really good genuine people in this world and you were one of them. You are the meaning of a true friend. You always made me laugh no matter where we were or what we were doing and I will always cherish those times I got to spend with you. We had so much in common and you were the only person I could be open with about anything and you didn't judge me. I will miss you more then you could ever imagine. 💜 Melinda*
