

Craig Alden Walther

March 28, 1960 - December 8, 2019

Craig Alden Walther, 59, of The Woodlands, TX, passed away Sunday, December 8, 2019, in his home with family by his side after a short battle with cancer. Craig was a loving husband who spoiled his wife and a caring father very devoted to his children. He was also crazy about his granddaughter. Craig loved spending his free time with family by the pool while drinking beer and listening to classic rock. He was passionate about travel, barbecue, and the Houston Astros. In his younger days, he enjoyed fishing and camping, especially along the Colorado River. He was a do-it-yourselfer who enjoyed working in the yard and on cars, which also fit his meticulous and thorough personality. While working as a quality engineer for 40 years, Craig was a kind and considerate boss and always wanted the best for his employees. His wittiness and racy humor will be well remembered by those who were close to him. He will be dearly missed.

Craig is survived by his wife Tami Walther, his son Brandon (Amanda) Walther, his granddaughter Lydia Walther, his daughter Michelle (Mason) Tucker, his parents Melvin and Margie Walther, his brother Shawn (Sandy) Walther, and his sister Wendy (Jeff) Koch, along with nieces and nephews. He is preceded in death by his grandparents: Arthur and Emelie Walther and Eric and Ida Kokel.

A celebration of life service will be held in The Investor's Pub at St. Arnold's Brewery on January 11, 2020 from 1-3pm. 2000 Lyons Ave. Houston, TX 77020

In the lieu of flowers, donations can be made to the American Cancer Society.

“ *Craig was our neighbor in The Woodlands. He always had a smile and a kind way about him. The world will miss him*

Win & Joe McCann - December 28, 2019 at 04:22 PM

“ *Had the great pleasure of knowing and working with Craig for a lot of years and then great friends after we left our respective employer. He and I went down a lot of roads together. Always had funny one liners to say in the midst of chaos and craziness to lighten the mood. One of the smartest people I've ever had the pleasure of working with and knowing. I certainly miss him and I know that his family does as well.*

“ Craig was a "HOOT"!

I worked with him at VTI and he used to play so many tricks on me. He used to write crazy stuff on my white board in my office and then put a sticky notes on it with a smiley face and no one ever knew of the crazy joke lurking beneath the sweet and innocent yellow sticky note. Still cracks me up and I still laugh and tell other's about his prankster side that not everyone got to see, especially Supplier's with bad Supplier Report Cards! He took that stuff pretty serious...

And, some of the old VTI gang would meet a few times a year to grab lunch and reminiscence about all of our fun times...

He was a true friend and colleague....I can still hear him snickering with his hand placed over his mouth and laughing like a kid with his hand caught in the cookie jar. Lots of fun!

Always cherished times, respected him for his business finesse, loved his pranks and will remember him forever...GONE, but NOT and NEVER will be Forgotten!!!!

“ *The many days spent together at work here and in Zhuhai will long be remembered. He was a great co-worker, boss, and friend. You don't find many with his compassion and strength. He will be missed greatly.*

“ Craig was a super guy - nice to people and professional in business.
Still remember those days working at TPA in ShenZhen China and having good time during the weekends. May you rest in peace.

“ Craig was just a darn good guy. We worked together for a number of years in San Marcos. We traveled for business domestically-internationally and he was always easy going and of course very intelligent in both life and business. My sincere condolences to his family. I know there will be a larger than life man missing in their home.

My Buddy, May you rest in peace. We had a lot of great times on the job an off. I remember one trip to Mexico when Craig rented a convertible to take across the border . We had a great time even though we were stopped mutable times in Mexico and the US. I will never forget finally getting to the airport in Harlingen and washing the dirt and dust off our faces from the trip. I will see you again my friend.
