

Dale Whorley

July 11, 1955 - September 25, 2018

Dale Whorley was born July 11, 1955 and passed on September 25th 2018. He was a father, and a grandfather. He is survived by his loving wife Diane, his daughters Amanda and Sherry and his son Christopher. Daughter in law Lacie and son in law Chris. He had six grandchildren. Hunter, Dylan, Kaylee, Kaitlin, Catherine and Caleb.

Dale worked for 43 years for General Electric and was the world's foremost expert on Gas Turbine alignment. He started his own company, PGAS Inc., upon his retirement and continued his work as that company's chief executive officer.

Dale travelled to nearly every country on this planet in his time working meeting new people and performing his duties better than anyone else ever has.

Dale had more adventures and more stories than anyone else I've ever known and had the most interesting life anyone could imagine.

All the while he was the greatest husband, father, grandfather, brother and friend anyone could ever ask for.

He wore his heart on his sleeve. He told everyone he loved that he loved

them. Even if it sounded more like “I love you anyway” or “Love you later”. He was the greatest. I hope you’ll all remember his unique gifts to us all. He had tremendous faith. Dale Whorley has passed but the only thing to regret is his sudden absence. He did all he could do and was all any of us could ever hope to be.

“ Dale my brother I want to thank you for being the most sincere person that I have every know , you always treated me with respect as I did you , no matter what , you rolled with the flow with that Beautiful Smile. Thanks for treating me as a brother for all these years in which that was your choice due to the kindness that you carried , not many are gifted as you where , I know that you are in a better place , so please watch over use as we continue to carry on , I have prayed and Gods gonna have a hard time finding someone like you.
Remember you always !
Love you

“ He was a big guy with a heart of gold. A gentle and kind soul was he. He left footprints of kindness and his smile will be remembered as it always lit up the day even on a sunshiny day. May your good and pure soul live on, Dale.

Varsha Ramharrack - September 26, 2018 at 07:23 PM

He was a “Gentle Giant”, he would amaze us how he would fit into the small spaces of the machines with ease. A pioneer in the industrial field in which his solutions are across the global fleet.

He was always smiling, I never saw him annoyed about anything or anyone even under lots of pressure. He enjoyed his career and looked towards his retirement.

Great man who had a great soul, RIP Brother and you are at peace.

“ God saw you getting tired and a cure was not to be, so he put his arms around you and whispered, “Come to me.” A golden heart stopped beating.. hard working hands at rest. God broke our hearts to prove to us He only takes the best. You are gone way to soon and will be greatly missed. Until we meet again....I love you anyway!

“ *My thoughts go out to Dale and his family and friends. I worked twice with Dale. A true professional, who always went the extra mile to ensure the project was moving forward to a safe and efficient completion. A great, positive attitude, always pleasant even during difficult times. He is missed. Frank Gutierrez, GE Service Leader, South Region USA.*

“ *My thoughts and prayers go to Dale's family. I had the honor of knowing and working with Dale for the past 19 years at General Electric. You would be hard pressed to find a more kind and loving man, who truly loved the people he knew and the work he did. Dale will be truly missed in the GE family and around the globe by his network of friends he built over his career.*
