

Daniel Blair Sanderson Kilpatrick

February 27, 1982 - September 14, 2020

With our deepest sympathy we announce that Daniel Blair Sanderson Kilpatrick of Spring Texas passed away suddenly due to sudden cardiac death at the age of 38 on September 14, 2020. Daniel was born in Natchez MS on February 27, 1982 and was the youngest of his twin brother Samuel. Daniel and his twin brother Samuel were born prematurely and he weighed in at a whopping 3 lbs. Daniel spent the first 7 weeks of his life in the NICU at Jefferson Davis Memorial hospital in Natchez MS. He came home a week later than his twin so once he was home our family was complete.

Daniel is the youngest of 5 children. Daniel is survived by his only son Alexander Blair Kilpatrick age 7, his mother Sandra Kilpatrick, twin brother Samuel Kilpatrick, Michael Kilpatrick and wife Wendy, Matthew Kilpatrick and his only sister Angie King and spouse John King and former spouse Vicki Kilpatrick.

Daniel was an uncle to Jessica, Kristian, Madison, Cameron, Chandler, Lacey, Kayla, Megan, Landon and great uncle to Kaden & Khloe, Celeb, Mariah and Clara.

Daniel grew up in Panama City Florida where he loved spending time at the beach, playing video games hanging with friends and he played football and joined the ROTC . Daniel and family relocated to Spring Texas where he finished out high school and graduated from Klein Oak High School.

Daniel met his former wife and lived many happily years together in which his son was born. Daniel felt his son was his greatest accomplishment in life and he was the absolute light in his darkest hours. He loved spending time with his mini me playing video games, watching television and teaching him man stuff. Alexander loved helping his dad do “chores”.

Daniel was the most kind-hearted person you would ever meet. He had the patience of a saint. He was quiet and soft spoken. He never got angry and never lost his temper. He had a dry sense of humor that always made us laugh. He was always quick with a light-hearted joke or snappy remark, followed by his contagious laugh.

Daniel loved to tinker with things; he loved to see how things worked by taking them apart. If you weren't sure where he was at any present time he was most likely taking apart something electronics! Now he wasn't always so good at putting those things back together but he sure loved taking them apart.

Our hearts are forever broken and our lives will never be the same here on earth with out you Dan. Go rest in peace and we will take it from here our love. We will keep your memories alive forever and watch over Alexander for

you until we meet again.
