

## Dennis Bowers

December 5, 1953 - June 6, 2026

Dennis Bowers died on June 6, 2026 in Houston, Texas at the age of 72. Dennis is survived by his daughters Roxanne (James) and Emily of Houston, his son Stephen (David) of California, his brothers George and Donald (Denise), his sisters Donna (Bill), Margie (Ronnie), Nancy (Dave), and many nieces and nephews. He is preceded in death by his parents, Winifred and Alvin, his wife Mikki, his sister in law Rachel and his nephew Patrick. Dennis was born on December 5, 1953 in Warren, Ohio. He went to electronics school and became an electrical engineer. While working in Mississippi, he met Mikki and they married July 1, 1979. They were together until her death in 2020. He worked as an electrical engineer with Ajax Tocco Magnathetic for over forty years. Over the years, his work brought him to many different countries across six continents. Upon his retirement, he was active in a variety of church groups such as book club, writing group, chair yoga and 55+. He attended local community centers where he participated in a variety of activities including Zumba, line dancing, bingo and bus trips. He had a joyful spirit, a fun personality, and a loving heart that impacted many people through his life.

A viewing is scheduled for June 16, 2026 at 11 am followed by a service at 12 pm at Addison Funeral Home in Spring with cremation to follow.

In lieu of flowers, his family is requesting that donations be made to the

Montgomery County Food Bank in his honor.

# Tribute Wall

“ Growing up my dad traveled a lot for work. He was really good at his job & he was often requested by companies to come fix their equipment. I didn't really know what he did for work until I was older. I just knew that he traveled a lot and fixed things. I remember he would always bring us something back when he traveled to another country.

*As a child, I have many memories of having fun with my dad. He was silly & would play with us. I got my silliness from him along with my blue eyes. Sometimes, he would take us with him to the airport when he needed to buy tickets for a work trip & let us ride the underground tram. I thought that was so much fun! Oh, I remember one time that my mom went out of town & we had a blast with our dad. He let us eat pretty much whatever we wanted. He took us to the grocery store to eat samples as our “lunch” one day. He made a “camp fire” in the backyard & we cooked hotdogs on sticks. I remember one time that he was going on a work trip to Mississippi(which is where my mom is from) & he took me with him. I stayed with my Mimi & Papa while he was working then he picked me up after his work was done and we headed home. That was the first time that I went on a trip with just my dad. I wouldn't go on another trip like that until I was an adult. I cherish all of the one-on-one time that I had with my dad. There are so many memories. I just picked a few to share.*

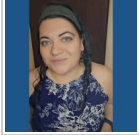

*After my dad retired in 2023, we got to spend a lot of time together. We enjoyed doing jigsaw puzzles & going out to lunch or for a walk around the neighborhood. We went on a few trips to Ohio. On our last trip to Ohio(Oct. 2025), we went on a hike at a State park called Nelson Ledges & we had a great time. I loved going on adventures with my dad. As an adult, I got to know a side of him that I never knew before & I realized that we enjoyed a lot of the same things. We both loved looking at the stars at night. One night, I saw a shooting star for the first time & I was so excited to tell my dad about it! He loved watching the sun set just like I do. He was a great dad. He had a BIG heart, he was a protector, a provider, he loved*

*his family with all of his heart & he was a kind man. I feel so blessed that I got to have him as my dad for 43 years. I will miss him every single day.*

*-His daughter, Emily*

DL

“*It turned out that he had a real gift in his story telling. He knew how to describe danger (being chased by hyenas, lions, snakes, and seeing lions hungry for their next meal). He shared about getting lost traveling among the animals. How he avoided becoming a zoo animals' lunch on more than one occasion. We could not say enough praise and appreciation of his writing.*”

“ Dennis was such an amazing person. I worked with him at Ajax for almost 20 years. He was quirky but super intelligent. One of the most respected persons in the industry. I would tell anyone that he was the best service engineer in the world for induction equipment and never be challenged. I spent many years learning from him as did allot of lucky individuals. My condolences to his daughters and family members. The Vogan's
