

Dianne Pieper

December 22, 1953 - September 27, 2019

Dianne Pieper passed away Thursday, September 27. She is now with her Parents and her son Matthew, in heaven.

Dianne would not want us to mourn her death but celebrate her life. She had many wonderful and happy times on earth. If you knew her, then you laughed with her.

It is time to be grateful for this beautiful soul and remember how deeply she loved

all of her family and friends. It is also time to remember how she “lit up the room” just by her smile and genuineness. We have heard and read many touching stories of her kindness and strong friendships in the past few days. Every time we think of something Dianne said or did, and it reminds you of her,

please smile. She would love to see that to happen from above.

We should also celebrate that in her life she was surrounded by people who deeply loved her. Among those people were her mom and dad and a “second set

of parents”, her grandparents - they were always near and she cherished every

minute she spent with them. She enriched their lives and felt she was a better person because of them. It was a beautiful relationship.

Later in life, she was surrounded by the love of her husband. They had a beautiful relationship where she thrived and became a fully opened beautiful

flower. Life has cut that relationship short but Dianne will be looking over Jim and the many others she left behind.

In addition to her devoted and loving husband, she is survived by son David, brother Lance and her sister Linda.

There will be no services held through Addison funeral home, there will be a private graveside service held at

Pittman Funeral Home - Samson

“ When she wanted to pick cotton and make some money. She went to stay with her uncle and aunt, after 24 hrs. She wrote mom a letter saying emergency come get me as soon as you get this. She had had enough of so much work and little pay. Lol, oh what great memories...

“ Another time I had bought my mom a jar of oil of olay. I noticed jar was going down quickly, then I walk by and see sister in front of mirror soaking her face and neck in it. Gosh, all the great memories....
