“*Jarret was a great friend and really good guy - full of talent and good humor. We let time and distance separate us and I regret that. I still cherish the times we had together at the pool, in the mountains, around school. He made me laugh like few people have.*

*Prayers and condolences to the Paterson family.*

“*I've known Jarrett for about 20 years. Learned a lot from him at work and just hanging out. I always looked up to him and appreciated how he liked the finer things, like wine. Id be a little rougher around the edges had i not met Jarrett. Glad i got to see him and hang out last few years. Will miss him dearly.*

“ *Jarret and I were the best of friends throughout grade school. We did everything together for many of those early years. We grew up a part of each other's families and could often finish each other's thoughts. I regret that we somehow drifted apart during our college years. That makes this hurt so much more as I think back now on all of the great times we had together. Jarret had a huge heart, a beautiful singing voice and was one of the funniest people I've ever known. He was just easy to be around.*

*Although I haven't seen him in way to many years, I miss him and love him. It is comforting to know that he is in a better place now.*

“ I am so sad to hear this! I went to school with Jarret from high school through college. We were on the swim team together and worked together as lifeguards. I have very fond memories of Jarrett through all of those years! Prayers to Jarret's family and friends during this very difficult time.

“ My heart is so heavy. I knew Jarret in high school. We were on swim team, life guarded together ( even saved a boy's life together), and dated for a year or so. I can hear his laugh & see his smile just as if he were right in front of me. I simply can't believe he is gone. Jarret was a wonderful person. My sincere condolences to his family and fiance. He will be missed.

“ We went to school together from junior high through college at Texas A&M. I have many memories of being in a high school classroom being goofy but competitive as well as having fun on campus when we got to A&M. He had such a good heart and it saddens me to know that he is no longer here on Earth. Prayers for his family for strength during this time. May your memories with Jarrett make you smile always. “ I knew Jarret from junior high on through college. We roomed together my sophomore year at aTm. He always seemed to be in a good mood and was always up for a laugh. We had some great memories from our time living together. It really struck me to hear of his passing. He had contacted me a few years back and we discussed getting lunch sometime since my office is in Spring, but we never got around to it. I'm so sorry I missed that opportunity. I will definitely keep all of you in my family's prayers. May God provide comfort to all of you. Sincerely, Rob Gatewood

Jarret the Ferret - that was the nickname I gave him at Texas A&M... I'm not sure he loved it but he never complained. What incredibly sad news... I wish you an eternity even better than you imagined it could be... Rest in peace JF ❤️
