Jody loved his daughters, Erin and Morgan. He cherished them.

His father died from lung cancer which is why cancer research was so dear to him. He loved his work at MD Anderson and always talked enthusiastically about his work. He would have loved to have cured everyone he came in contact with there. Work at MD Anderson was his passion.

Jody loved a great concert, a great round of golf, a great poem, a great joke, and a great game of pool.

He was a devoted father, a true friend, a fine human being, whose greatest desire was to help and cure people. We will miss him. We love you, Jody.

The Addison family and staff extend our heartfelt condolences to the Hiteshew family in their time of loss.

In lieu of flowers the family has requested donations be made to
M.D. Anderson Cancer Research. www.mdanderson.org

My oldest and best friend. I think of you often. I don't understand why no one from your family contacted me.

My daughter Lindsey and I made the pilgrimage to your grave. We had a hard time finding you.

*During the search we paused.
We both heard the faint ringing of a bell. We followed the sound and found you.!!!*

“ I have worked with and shared an office with Jody for a number of years. Jody enjoyed working as a research nurse. He showed compassion when working with his patients, and he was also an advocate for his patients. He would keep the office laughing with hi

“ Jody will be missed by all who knew and loved him. Jody was a great Father to his girls, who were "the apple of his eye". To the Hiteshew Family: Let your memories be your comfort, as you lean on God for strength in the days to come.
