

## John Robert Tindall

February 10, 1960 - August 30, 2025

John Robert Tindall age 65, of Spring Texas, went to be with the Lord on August 30th, 2025.

John was born on February 10th, 1960 to parents Walter and Sherlene Tindall. Born and raised on a farm in Iowa, John learned the values of hard work, integrity, and resilience from a young age. He graduated from Graettinger High School and moved to Houston where he started working for the Harris County Sheriff's office in 1984. When John was asked why he wanted to become a peace officer he would say, "Because I'm such a nice guy I might as well get paid for it." John retired from the sheriff's office as a sergeant in May of 2011. John began working part-time for The Woodlands Township as a park ranger where he worked from May 2012 to June 2023.

John married Debbie in July of 1995. John and Debbie have two daughters, Nicole and Ashley. John became a grandpa in June of 2024 to his grandson Cooper. He then welcomed his granddaughter Rylynn in November of 2024. John and Debbie were married for 30 years in July 2025.

John was a man of faith and was a strong patriot. He believed in God, family and country above all else. Among the many titles John held over the years father was the one he held closest to his heart. He cherished his time with his daughters, offering not only unwavering support, but also his wisdom, humor, and always his love. He put his girls first and never missed an opportunity to tell them he loved them. He was a man who understood the power of simply being there whether that meant lending a hand, offering quiet counsel, or just

sharing a laugh. He wore his heart on his sleeve never afraid to show emotion, speak with honesty, or love with his whole being. He was a good friend to many and a great listener to anyone who needed an ear. John could usually be found working on outdoor projects, whether that was tending to the yard or just fiddling with something in the garage. Animals gravitated to him, sensing the same kindness and warmth that everyone else did. He was an Elvis lover through and through and shared this with his daughter Ashley. His presence was a gift that no one was prepared to lose and there will forever be a hole in our hearts that only he could fill.

John is survived by his wife Debbie, daughter's Nicole (Ryan) Mahoney, Ashley (Gavin) Renteria; grandchildren Cooper Renteria and Rylynn Mahoney; His mother Sherlene Tindall; siblings Randy (Nadia) Tindall, Dee (Fred) Grems, Ron (Deanna) Wagoner; mother in-law Margaret Romano; sister in-law Sheila (Donald) Althouse, brother in-law Mark (Dina) Romano and multiple nieces and nephews. “ I met John in 2017 when I moved across the street from him, John and his humor always made me laugh for minutes after minutes when I met him, The first thing he said is it's about time somebody moved in here with money whatever that meant.! Lol ...From that point on I knew I had a good neighbor, and I could count on him for anything if I needed him. He always wanted to lend a helping hand as much as he could, and I extended the same offer to him as life went on with being neighbors, but as life went on, we became more than just neighbors. We became real good friends buddies, and within the last couple years, we became pretty close, talking to him almost on a daily if it was to help him get his dogs back in the yard because he had an escape artist or just popping in and bringing him some food. Popping in just to bring him some food became a 45 minute to at least an hour visit talking just about life in general. John I will miss our conversations and always your input love and your genuine soul. THE ELLIS FAMILY !

“ John Tindall was kind, open hearted, and easy to be around. Our conversations were always pleasant and felt natural. He always stood strong in his own beliefs but never put others down for having theirs. He always welcome another’s perspective on politics, religion and what ever the topic of the day was.

The memories that stand out most to me is his participation and support of family. His influence in the life of my family will be something that I will never forget. He will be greatly missed. We love you John!

“ I remember Uncle John explaining to me why he needed to sit in a certain seat at restaurants because it was his job to keep an eye out for our table. Looking back, I realize how much I respect and love him for little things like that. Growing up, he was never bothered when Marky, Ashley, and I (along with whoever else was around) ran circles through him and aunt Debbie’s house while he sat in his recliner watching TV. I also remember sneaking candy from the jar just a few feet away, and he would simply smile and let me get away with eating all the chocolates.

From Uncle John, I learned some of life’s most important lessons: the joy of simple things like sneaking sweets, that kindness matters most, and that IHOP isn’t just the International House of Pancakes, but truly the International House of Patience.

I love you uncle John

“ *He always made sure I knew how much he loved me and how important I was to him. Always. He would always say, “ I love you today.” I would tell him “Yeah I know you said that yesterday,” and he would respond, “ And I’ll say it again tomorrow and the next day.” It’s already something I do with my son, but now it’ll be from me and my dad. I want him to know how much his grandpa loved him too. I love you today dad.*
