“ I remember when the twins were around 4yrs old, Johnnie would have them look in the mirror and say "Look at that monkey!" They would always say, " we're not monkeys, Uncle Johnnie!! He still did it to them everytime we saw him. We still laugh about it to this day!!! We love you Johnnie!!!

“ I knew Johnnie from Jeff Davis and remember the times he was in Mr.Rogers office. We have met each other after all the years at Pasta day at Sacred Heart Society. He always had a big smile on his face. My prayers and thoughts are for his family. Sandra Burnham Lee

“ Me and Johnnie used to race each other down the road when I was growing up you know who won.(me of course lol.) The best memory was when he would tie me, Lona and Deborah together on the ground and wouldn't let us up until we said calf rope .Life was always fun growing up with Johnnie around, he was and will always be my favorite uncle. I love Uncle Johnnie. RIP.
