“ *Sonny, You were always such a sweet and giving guy. I will always remember the special gift you and Brenda gave to my sister Eloisa for her 50th birthday. I know you would have liked to have attended, but sadly your health would not allow it. Please rest*

“ *Sonny you were so patient and understanding with your annoying younger cousins, especially me when were growing up. I always looked up to you (back then, I literally looked up you....lol). You will always have a special place in my heart. May you rest*
