“ *Ken,*

*What an experience it was to be your friend. I enjoyed the times we worked together although it was very short. I also enjoyed the time when I came to visit as well as those BNSF steak luncheons. You are with Lee now so guys rest in peace.*

*Ken was my neighbor a house away and we talked a bunch of times as he was getting his deck built. We talked about extending his roof and how the supports would out last us all since he had treated them with tar. I will miss Ken, his friendly wave and our build stuff talks. Good guy.*

“ Started working with Ken in Cicero, Ill., on the midnight night shift with BNRR. Ken was a mentor and friend. Gave me advise to go to Omaha. Spent time their and than went to Houston. We still stayed in contact. I then went to Tulsa and Ken went to Houston. We had many conversations about Houston and he was able to provide me with stories about me which I had forgot. He called me by a nickname "Tigger" which followed me from Chicago. Attended many meetings in Fort Worth with him. Later I was sent to Lincoln. Ken I would meet when he came to town to help his brother Bernie with the harvest. Ken was a person that if you got to know him you would actually become a better person because of it. Condolences to Helen and family. Rest in Peace my friend your place is with the Lord.

Ken was my supervisor for 13 years after the merger between BN and Santa Fe. Always enjoyed his quick humor and leadership. Great guy, loved his family and a loyal friend. My thoughts and prayers are with the Heier family during this difficult time as he will be missed by all who knew and loved him.
