“ *I had Mr. Kent on my mind lately because we haven't seen him in a while...just tried to cal him and number was disconnected, so we Googled and found out the sad news. He would always stop by the shop (Dan's Automotive) just to visit, or donate to whatever "drive" we had going on, or for a check on his car before he hit the road to go gambling. When we had a coat drive last year, he cleaned out his and his late wife's closet...brought several, very nice coats...we even tried to get him to keep 2 of them because they were so nice! lol He was one of the sweetest, we will miss him and his talks. I know he is happily with his lovely wife now. Big hugs to his family. - Audra Acevedo*
