“ *I will always remember the day I met Kim right after she arrived in Phoenix. Holding little Michael in her arms, Kim's bright smile illuminated the entire space around her. She was always full of light, kindness and an authentic interest in others. Her children have been and will continue to be a powerful and beautiful testimony of all she so freely offered this world. So many, many memories from our early football days through years of events at Ahwatukee Foothills Montessori, and the infamous New Vistas Academy carpool, Kim was a constant example of stability and steadfast friendship. She faced each new chapter in her life with grace, dignity and a resilience few will ever know. Kim has left us far too soon, but I know her arrival in Heaven was a joy-filled celebration of a life well-lived and a job well done. I love you my precious, beautiful and timeless friend - I will think of you often and smile with the same warmth and gratitude I so often saw in you.
Sending our love,
