“ Larry was my first cousin, we are so sorry that he has passed. We basically lost contact with each other.

“ I worked with Larry when I was in the 644th Bomb Squadron, K. I. Sawyer AFB, and when we worked on a special project with Boeing and General Dynamics. I have to tell you a funny. My husband and I bought a top-of-the-line computer in 1987. It had a 20 meg hard drive. Larry told me that I would NEVER fill that up. I get a chuckle when I think of it! I know he loved his daughters and parents! He was honest, hard-working, and very loyal! Praying for your family!
