

Mario Alonso Escamilla - Gamez

August 24, 1987 - March 11, 2023

Mario Alonso Escamilla was born August 24, 1987 in San Nicolas de los Garza, Nuevo León, Mexico.

Mario is survived by his beloved wife Ashley Perez, and his four children Alustriel Orelia, Alucard Cloud, Raziel Alexander, and Drasek Aiden.

He is also survived by his grandmother Orelia Gamez, grandfather Ricardo Gamez, mother Orelia Gamez, three siblings, aunt Alicia Gamez who assisted in raising him, and three cousins.

Mario is remembered through his laughter and jokes about everyday life experiences. He loved to do all things creative with his hands including sketching, building things, and creative cooking but where he shined and found comfort was through his dance. He began dancing at 13 and through it he was one with life. He loved animals and they found a kindred spirit with Mario. Always real, always authentic Jalapeño.

“ Mario we miss and will never judge you for the decisions you made in life; the world can be brutal and we all do the best we can! You were a dedicated friend who was always there. We truly appreciate you being a life long friend, being a part of our family, attending our children’s birthday parties, vice versa, and beyond. Mario, the moment you started a life with your wife, your life changed for the better; your smile could change the world!!! It was obvious your children and your wife were your bright light. We pray your children grow up knowing how much you loved them, how much they enlightened your world, and you only wanted the best for them. May God give Ashley the strength and love to raise your children to the best of her ability, teaching them and guiding them down a path you would both approve. Rest In Peace brother, you will forever be with us.

Jose Raul “Techno” - March 21, 2023 at 12:25 AM

“ Mario was was such a bright light. There was nothing he couldn’t do or learn to do. He loved his children and wanted them to just be happy. I hope I can raise them how he would have wanted and that they know he loves them wherever he is.

Ashley Perez - March 20, 2023 at 06:38 AM
