“ Thank you JESUS! Thank you Tia Mely !!
Thank you Tia Mely for all the love and
compassion you gave to my family, to my 2
daughters, Kiara and Kiana and my son Carl
Jr and to your niece- my wife Laura.

You were always there for us in every season, I am truly grateful for all the things you did for me. You've helped me build my wonderful family that I have now. You helped us during difficulties and reared us when we were sick. Thank you for loving me despite of my wrongs towards you.

The very first time I ever met you was on December 24, 2002 in your own house party at 797 Naples st, San Francisco. You've always love celebrations especially the cooking part and always made the best Nicaraguan food like Nacatamal, Bigoron, Curtido, Arroz con leche and many many more. Even when the party is not in your house, you always bring the best food that you cook for the party and always stay late to help for the clean up.. I really really going to miss those! Plus nobody in the family written your recipe to this authentic food... damn it..smh...

I'm sorry for hassling you when you were a couch potato back when you use to live in my house, I remember being rude to you and turning off the TV then tell you to walk up and down the block to get some exercise, which you never did..lol.... I'm sorry for making you cry because I was an asshole, I just wanted to see you be more active to live longer and not just be on tv novela from the time you wake up at 6am until you retire to sleep, I believe the only exercise you did was do my laundry, because every time I see you in the laundry room you were soaking in sweat like you ran a marathon or something. But I really appreciate those clean calsones, socks and pantalones in my drawer when I needed them.

Tia Mely, Meliducha Canducha, you will always be with us in spirit everywhere we go. Your legacy, your teachings, your love will be

*embedded deep in our hearts and minds. Thank you my new
GUARDIAN ANGEL! VIVA MELIDA!
