“ Nancy was a great mother-in-law and special lady who dearly loved her family. She welcomed me into her family with open arms and our annual Texas visits with Nancy were filled with fun, laughter, stories, memories and love. I was soon one of her kids. I had a deep respect for her amazing spirit and will always treasure our time together. She had great creativity with all her painting projects and loved to dance and cook and always liked to look her best. She put others first and was always there to help and lend a hand. Homemade biscotti was her calling card especially during the holidays. She always thought of her children and tailored every batch to each one's likes and dislikes. They were a labor of love and very delicious. I liked them all! She finally passed down the recipe so I may continue to carry on the tradition for her son. Thank you for giving me a gracious and wonderful man with whom to share my life.
I love you! Rest In Peace.

“ Nancy was very talented. Her craft projects, home decorating and her extraordinary culinary skills evoked my deep admiration. However, it was her great beauty, style and kindness that created a desire in me to be a better person. I can hear her saying, “You're family” as only an Italian woman with children can say. And.....she meant it!
