“ *Doña Olga as I always respectfully called her became a dear friend in the later years of our relationship. I enjoyed visiting with her, celebrating birthdays and special occasions and even going on vacation. I was always welcome at her house but most important to me was the fact that she loved and cared for my daughter Gabriela and always thought of her well-being. I will treasure the 30+ years of memories and thank her for her support in the good, bad and happy times. Descanse en Paz/Rest in Peace Doña Olga 🌹*
