“ Sending prayers of strength to Randy's family and friends. I met him through working at Covance/Labcorp. I was wanting to move into sales and he was a great mentor to me always answering my questions or helping me out during tradeshow. He always had a laugh and a smile! One of the good ones gone too soon!

“ Randy, Charles Powell and I all met at the beginning of our careers at Beckman Instruments in 1986. We worked hard, had great fun and built long lasting friendships. At the many trade shows that Randy and I worked together, whenever we would have booth duty together, we'd try and arrange to be standing across the aisle from each other. An ongoing contest would be to see who could attract the prospect to come over to their section. Randy's good looks and good old boy Okie drawl always won out. We crossed paths many times since and I had the good fortune to work with Randy again during his last years at Covance. I loved Randy and will miss him dearly. I will think of him often and do my best to have fun like Randy did.
