I am deeply saddened to hear about Ricardo's passing. I went to high school with his sisters and grew up alongside them, and I've been thinking of them and their family during this difficult time.

My heart goes out to his loved ones, especially his family and sisters, and I am holding them all in my thoughts and prayers. May Ricardo rest in peace, and may his memory continue to live on through the love of his family and friends.

“ Ricardo, Tio. I will always cherish the moments we spent together. You always were there for me and showed up for me, even most recently for SJ's 1st birthday. Our love for cars and sports had us always messaging each other about the latest going on. You loved sharing food spots with me to go to in San Antonio and I would tell you if I've been there or not and if it was good. I'm thankful for all the time we spent with each other and could only wish we had more time. You may have left us here on earth but you will forever live with us in our hearts and memory. I know you'll be watching over me and my family. Rest in peace Tio, until we meet again.

“ Today I want to dedicate a few words to my cousin Ricardo.

*More than a cousin, he was someone I will always remember with great affection. When he came to visit us in Mexico, we shared simple but meaningful moments: driving around in his car, listening to music, and talking about life. Thanks to him I discovered Mecano and the song *El Club de los Humildes*, which will always carry a special meaning for me.*

Ricardo was a genuinely good person, the kind who leaves a mark without needing to make noise. He loved video games just like I do, and when I was younger I saw him as someone to admire.

Life sometimes takes difficult paths, but I choose to keep the good memories: the laughter, the music, and the conversations.

Wherever you are now, cousin, I hope you have found peace. Thank you for the memories and for the place you will always have in my life. ☐

“ Ricardo was a great friend before he was my brother in law. We met as freshman in HS and maintained a friendship through the 4 years we were together. 4 years after we met, I married his older sister Elvira and that felt like I now had another brother. We would have endless conversations about the Chicago Bulls, sports cars and the love for the City of Chicago. At times, my wife would be jealous of our bromance but those conversations and memories have forever left a lasting bond between us. There is not enough words to say how much I will miss him. Sharing some of the last 30 plus years in his presence have been a blessing and an honor. We will always carry you in our hearts and love you always. RIP until we meet again.

“ My brother Ricardo was the kind of person how would always lend a helping hand if he could. Always helping friends and family even before helping himself. If he didn't now the answer he would look into it and fsind everything you needed to know. If you shared the same interests as him he could go on for hours talking about music, cars, comics, video games, anime, and music. To me personally he is a big part of who I am today. Miss you Ricardo! ❤️ You little sister Zombie

“ Ricardo wasn't just my brother; he was my best friend and partner in crime! Whenever he had an issue or a problem, he would always come to me for advice. He knew I was hardcore and knew I would ALWAYS defend him against anyone. My brother was a kind soul and he would go out of his way for anyone especially for the Paniagua and Murillo family. As his big sister I will miss him dearly and upset he left me behind BUT I know we will see each other again
