“ my name is Mark giordonello and I was great friends with scott for over 20 years until we lost contact with each other. we became friends in about 1989 and we went clubbing and to a lot of live concerts together through the years. the last time I saw him he came to my parents house in sugarland after the birth of his 1st daughter with his girlfriend and it was great catching up with him. I'm absolutely shocked and saddened to find out not only is he gone but that it's been 7 years I found all this out yesterday because I was trying to see if I could get in touch with him. even though I hadn't seen or talked to him in probably 15 years I know I'll miss him. r.i.p. brother
