

## Sean Russom II

September 3, 1991 - December 18, 2021

On December 18, 2021 at 12:41 PM, the Lord called home Sean Richard Russom II (affectionately known as Lil Sean or Ace). He of course did not go without a fight. Before departing, Sean gifted others with all that he had left to give, so that they might live happier, healthier lives.

Lil Sean was born in Houston Texas on September 3, 1991. He is survived by his mother LaCressia Machicek and her partner Jimmie Kelley, his father Sean R. Russom and his wife Ingrid, his sister Ginger Smith and her husband Aaron, his two nieces Hayzel and Hayven Smith, his stepbrother Jr. Alvarez and his wife Terry and daughter Bella, his stepsister Vanessa Alvarez and her son Jason, his grandmother Hattie Russom, his grandfather Larry Taylor, his aunt Carol Keuthan, numerous great aunts, great uncles, cousins, family and friends. He is pre-deceased by his grandfather John Russom, his grandmother Janice Taylor and his uncle Jimbo Keuthan.

Lil Sean was an extremely intelligent young man and a talented electrician. He loved to fish and he still enjoyed skateboarding. Deep down Sean had a huge heart. If you knew who he was before, between and under his battles, you know the gentle, giving and loving soul that he held. His goofy personality and jokes kept people entertained.

Lil Sean will be missed so very much by so many. His struggles are over and we know he finally has the peace he longed for.

“ Today marks two years since your death and it is just as hard today as it was that awful day back then. Not a day goes by that I don't think about you and wish that you were here. I loved you yesterday, today and forever and will forever miss and love you. Until we meet again!

“ Today my sweet grandson you would be 32 and I wish that you were here for us to celebrate your birthday! I miss you so much and there is not a day or minute that goes by that I don't think of you! You are always in my heart and on my mind. I only wish that your life here would have been better for you, you didn't deserve all the crap that you had to go through, but just remember that God loves you and you are now at peace, not having to worry about what someone says or thinks about you! I hope that you know how very much I love you and always will my loving and sweet grandson, Ace!

“ Ace, I can't begin to tell you how much I miss you. This has been the hardest year of my life. I miss you so much and I wish you were here with me. I know there were times that you and I disagreed but Ace I would give anything to hear your voice and be able to hug you. You will always be in my heart and mind and not a day goes by that I don't think of you and wish you were here. You are in a better place and no one can hurt you with their words Ace. I will always love you my sweet grandson. Gamma

“ *Ace, I don't even know where to begin. I wish I could just hug you and tell you how much I love you Ace. Not a minute goes by that I don't think about you and wish that your life had been better. You constantly tried to please people and I know how very much that you wanted things to be different for you. Throughout your life all you ever wanted was to be loved and accepted. Both your grandpa and me could always see the good in you and I truly believe that you are now in Heaven with him and I know that he is with you just like he was when he was here.*

*Every time you left you always gave me a hug and always told both of us you loved us and that is something I will miss forever. A part of you will always be in my heart.*

*I will always love you sweetheart.*

“ Time goes by and my Little Sean is constantly on my mind. I miss my sweet, loving and caring nephew. If I needed help, Little Sean would always come and lend a hand. I remember when he was borne. So little and sweet. I watched him grow year by year from pointing to the light in the living room and distinctly pronouncing “light” (one of his first words), dancing to Michael Jackson’s song “Will You Be There” while watching “Free Willy” at ages 2 and 3, playing Little League Baseball (you were fast running, good catcher and strong pitcher), and growing to be a loving, caring adult. Your Nannie loved you so very much. When you were a teenager, your Grandma and Grandpa became just like your mom and dad and were always there for you. You reminded me so much of your daddy and Grandpa. You were always up for a challenge to learn to fix, repair, or build anything. We had our heart to heart talks where you would confide in me moments that laid on your mind. You will live in our hearts forever baby, and your gifts of life to strangers will live on. We love and miss you Little Sean.

*Always in my heart, my love,  
Aunt Sue*
