

## Susan Fisher

February 28, 1952 - April 1, 2022

Susan Fisher was a loving wife, mother, grandmother, daughter, sister, and friend. She went home to meet her Savior on April 1, 2022 at the age of 70, after a brief battle with cancer.

Susan was born to Earl and Marie Thompson of Houston on February 28, 1952. After graduating from Waltrip High School, she moved to San Marcos, Texas to attend Southwest Texas State University. It was there that she met her husband, Scotty Fisher. Together, they raised their three children: Carrie Sue, Scott Jay, and Sarah Beth.

Susan loved spending time in both her garden and her kitchen, and she was skilled in both places. She was known for always putting everyone's needs before her own, and going the extra mile to support her children's many extracurricular interests and activities. She selflessly gave so much of her time to various school clubs and community organizations. Susan and Scotty both shared their faith in God, and raised their children in First Baptist Church in San Marcos.

Family was always the most important thing in Susan's life, and in 2019 she moved to Spring, TX to live closer to her mother, brothers, cousins, and her large extended family.

Susan was preceded in death by her beloved husband Scotty Fisher and her father Earl Thompson. She is survived by her three children, her four grandchildren, her mother Marie Thompson, her two brothers Raymond and John Thompson, and dozens of beloved cousins, nieces, and nephews.

A funeral service will be held on Wednesday, April 6 at 2:00 pm at Gateway Church in Spring. There will be a viewing and visitation at 12:00 pm, also at Gateway. In lieu of flowers, please donate in Susan's name to the United Way, an organization for which she volunteered for decades.

“ I have a memory of when me and Susu were just sitting on the beach and we were going to go look for shells and I picked up a sand dollar and asked what's this? she explained in detail what a sand dollar was

“ I only met Susan at Scotty’s funeral, but she seemed to be a loving and caring person. I am a high school friend of Scotty and hold his memory dear to me. I know losing both parents is a tough deal, but I’m sure you children will carry on having both of your parents positive ideals and traits they both had. Our prayers and good thoughts go with you.

“Kathy and I got to know Susan after she married one of my high school classmates and best friends Scotty Fisher. We graduated in 1970 from Stanton High School in Stanton Texas. Scotty's parents, both Doctors, lived in Stanton, Texas where we also lived. We saw Susan and Scotty when they came to Stanton and even when we made trips to San Marcos and the Austin area. Our youngest son later attended Southwest Texas State and when we made trips to visit him we usually saw Susan and Scotty. We always enjoyed our time with Susan and we always talked about kids, grandkids and families. She had such a sweet spirit, was a great parent, her faith was real and she was always smiling. You always felt good after being with Susan. Carrie, Scott and Sarah are a testament of the kind of person Susan was and we know that they will carry on her legacy. We pray for all of the family in the days ahead and we were so blessed to be able to get to know and spend time with Susan and will always remember her sweet spirit and example.

*Love you Susan!!*

“ Susan was one of the first friends that I made at Mensor and I was pretty much an introvert at that time. I was perfectly satisfied with staying at my desk and quietly working but that was not to be with Susan around. I was put on every committee possible, joined every volunteer organization and she requested that I help with all the company events. She was one tough cookie! During our work breaks she would drag me out of the office so we could spend time taking "brisk walks" in the fresh air which also had lots of laughter involved. We always came back to work in a better frame of mind, in which she declared it was exactly what we needed at that moment. As we walked we would share stories about family, memories from our college days, music and upcoming weekend plans. The ones I enjoyed hearing about the most were "Sue-Sue's activities" for the grandchildren. She loved making time and plans with her family, especially with the children. That was where she wanted to be. Susan would share her time and talents with anyone but there was one thing that she would not share and that was her recipes. I asked her once to send me her favorite recipe and she sent me my own Chicken Tetrazzini recipe I had given her! I had made it for her many times and she would always tell me that it was her favorite recipe but only when I cooked it! (Ha! Ha!) So now when I sit down to eat her favorite meal, in my mind and spirit, she and I will be breaking bread together, one more time. Love you, Susan!
