

William Shankle

July 16, 1946 - February 16, 2019

On July 16, 1946 William Danny Shankle checked into this world to begin his earthly journey. Even as a young boy he was always inquisitive. This is a trait he would carry with him into his adult life, setting the stage for many hobbies and adventures – creating many memories.

Dan knew a little about a lot and was excited to try new things. If you know anything about Danny, when he pursued something he went ALL in. Whether bowling, fishing, hunting or motorcycling when he did something he was committed and competitive.

He married his wife of 46 years Gale on May 12, 1973. They started their family by welcoming their daughter Stephanie Danielle on March 14, 1976. Wanting her to experience life, many vacations and family trips were common. Many miles as they traveled while showing and exposing her to different things and experiences.

Fast forward to November 12, 1993 ...the day Danny became a Grandfather. Tierany Angelle entered his world and soon he would be named “Bamps”. You would have thought he was the only one to ever have a granddaughter. Then to top it off, he received his 2nd blessing; Trinity Simone entered his world, now a expert!

Dan outnumbered ...with ALL girls in his life, 2 perfect granddaughters. Now to make more memories with his grand kids...trips, fishing, motorcycle rides...

life couldn't get any better...or could it?

On August 9, 2019 the first boy a great grandson Lux Cayden made his debut and now Dan isn't the only guy. Bamp's little Hot Rod.

Dan had a long and successful career in the electronics industry, spanning years. Too numerous to mention all the friends and associates collected it the course of his career. So many he respected as they did to him in return.

As most know Dan loved his Harley and rode whenever possible. Long trips or just to the corner store he never needed an excuse to ride, just hop on the bike.

As his health declined the memories of all his trips and adventures kept the sparkle in his eye. If you can't do it anymore, be thankful you did it and can find joy through the memories you create. This ride of life with this man has allowed me to grow and love him more with every step. Please celebrate with his family the celebration of his earthly journey and the beginning of his heavenly one...remembering to make everlasting memories.
